Innovative Global Products Inc., 148 Third Street Suite 113Cobourg, Ontario, Canada igni.net/rapid-h20.php info@innovativeglobal.net

RAPID H₂0 is a multifunctional tool perfect for:

- > Flood protection and water diversion including coffer damming
- > Temporary storage of hazardous liquids including oil, diesel fuel, etc.
- > Temporary storage of oil absorbents or other contaminated solids
- Temporary storage of non-potable water required during natural disasters including forest fires
- Shoreline protection from oil spills
- > Oil spill decontamination and cleaning of equipment
- > Containment barrier for various hazmat spills including toxic water from fires
